

Qiskit | Fall Fest 2022

Congrats and welcome to the Fall Fest!!

We are thrilled that you've decided to host a Fall Fest hackathon on your campus next month. Our team at IBM Quantum is committed to helping you prepare and make any decisions needed for a successful event. Thanks to all of you, we'll be hosting Fall Fest hackathons in Canada, USA, India, Mexico, Turkey, Colombia, Nigeria, and more! Please see the timeline of the next two weeks below, and what you should expect. All sessions will be recorded and shared within the Discord channel that you will be invited to, so make sure to join that once it goes live!

You will be invited to the Discord Channel	September 2 nd
Kickoff!	September 2 nd
Scheduling and Promotion	September 15 th @11:00AM
Final Prep and Launch	October 3 rd @2:30PM

The dates above are listed in EST time zone and are mandatory sessions. Additionally, we will have optional sessions throughout Fall Fest so look out for future dates! If you can't make a session live, that's totally ok. You can re-watch them on your own time or ask for help or guidance directly. Please keep an eye on your email for resources, and for the invite to the Discord where all future resources will be shared.

Thanks again, this is going to be totally rad!
